BECOME a unique part of permanent Canadian history - sign up now as a founding member of our new grassroots driven party. *It is time that respectful, moral, ethical and caring human beings and family owned small businesses join together to challenge the Ruling Elite's and their corporations' control of our communities and our lives.* We are a multi-faith based party that believes in a GOD / CREATOR, mutual respect, moral and ethical codes, traditional family values and responsible guardianship of the earth. We believe that our "GOD / CREATOR" has created "human beings" as the sons and daughters of our God / Creator with certain immutable, inherent rights. We believe that no human being can or should claim to be equal to or greater than their GOD / CREATOR.

Remember "human beings" created "artificial persons", which includes all corporations, governments, public and private. These corporations were created by human beings in order to serve the greater good of humanity. No artificial person / government / other corporation can, or should, claim to be equal or greater than their creator – human beings.

TODAY THE REALITY IS THAT CORPORATIONS HAVE ENSLAVED HUMAN BEINGS AND NOW IT IS TIME TO WORK TOGETHER IN OUR NEW PEOPLES' PARTY TO RECLAIM OUR RIGHTS AND FREEDOMS!

PLEASE NOTE – as a newly developing federal party we cannot currently issue tax receipts for memberships and donations until we have completed our registration. In order to finalize our registration we need to sign up a minimum of 250 members. We can then apply for our official status, and upon approval, we will be able to provide tax receipts.
